

## Ecological Survey and Mitigation Timetable

Survey*	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Extended Phase 1 Habitat Survey												
Badger Survey												
Badger Bait Marking Survey												
Bat Building / Tree Assessment												
Bat Roost Dusk Emergence / Re-entry Survey												
Bat Activity Survey												
Bat Hibernation Survey												
Bird Survey (Non-Breeding)												
Bird Survey (Breeding)												
Great Crested Newt Survey												
GCN eDNA Survey (15 April to 30 June)												
Hazel Dormouse Survey (Nut Search)												
Hazel Dormouse Survey (Nest Box / Tube)												
Invertebrate Survey												
Otter Survey												
Reptile Survey												
Vegetation Survey												
Water Vole Survey												
Mitigation Works**	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Badger												
Bats**												
Breeding Birds												
Great Crested Newt												
Hazel Dormouse												
Invertebrates												
Otter**												
Reptiles												
Vegetation												
Water Vole

\* Surveys are timed according to seasonal variation, the location and the species surveyed. This table is intended as a guideline only. Please contact us for further details about our services.

\*\* Mitigation works, and other activities which have the potential to disturb protected species, are timed according to seasonal variation, the location and the species in question. Otter, in particular are active throughout the year and timings will be site-specific. The timing for works affecting bat roosts will depend on the type of bat roost present. This table is intended as a guideline only. Please contact us for further details about our services.
